1. The first part of the report is a general introduction to the subject of the study.

2. The second part of the report is a detailed description of the methods used in the study.

3. The third part of the report is a presentation of the results of the study.

4. The fourth part of the report is a discussion of the results and their implications.

5. The fifth part of the report is a conclusion and a list of references.

6. The sixth part of the report is a list of appendices.

7. The seventh part of the report is a list of figures and tables.

8. The eighth part of the report is a list of footnotes.

9. The ninth part of the report is a list of references.

10. The tenth part of the report is a list of appendices.

11. The eleventh part of the report is a list of figures and tables.

12. The twelfth part of the report is a list of footnotes.

13. The thirteenth part of the report is a list of references.

14. The fourteenth part of the report is a list of appendices.

15. The fifteenth part of the report is a list of figures and tables.

16. The sixteenth part of the report is a list of footnotes.

17. The seventeenth part of the report is a list of references.

18. The eighteenth part of the report is a list of appendices.

19. The nineteenth part of the report is a list of figures and tables.

20. The twentieth part of the report is a list of footnotes.
